## Book a Load From the New Available Loads App

Landstar BCOs are now using the new Available Loads mobile app, designed to give business capacity owners (BCOs) a better, easier way to find and book loads via their smart phones.

The app, designed around BCOs' needs was first announced during Landstar's BCO Appreciation Days held in Jacksonville in January 2017. Since its pilot launch, the app has been put to the test and tweaked to fully support owner-operators' needs.

Booking a load from your mobile device is as easy as 1-2-3.

1. Login using your name and password from LandstarOnline.com
2. Easily set your terms and search loads
3. Simply tap to call the agent and book your load

"We went through multiple designs and gathered feedback on the app's functionality from Landstar BCOs throughout

the process. Our goal was to refine the app to do what owner-operators expect it to do with ease," said Landstar Executive Vice President of Capacity Development Rocco Davanzo.

The new Available Loads app is intuitive and has the same loads that can be found on LandstarOnline.com. With a simple download, the app gives BCOs an easy way to navigate the load board right on their phones or other mobile devices.

"BCOs won't see fewer loads on the load board or miss anything when they shift from the web version to the app," explained Davanzo.

The Available Loads app is now available on Android phones or iPhones, just search Landstar in the app store on your mobile device. If you have questions about the app and when you can use it, email AvailableLoadsApp@Landstar.com. ★

## LSOs of the Month

Congratulations to Landstar Agent **John Eisenmen** who runs Eisenman Trans Services, Inc. (EIS agency) in Georgetown, Texas. Eisenmen, Landstar Safety Officer (LSO) of the Month for April, supports the Landstar safety culture by attending all of the LSO meetings in his area. Eisenmen says his agency's dedication to complete and accurate dispatch on every load is key to its zero accident frequency rate.

**Mike Wauldron** of Transporters USA (MJR agency) was selected as the May 2017 LSO of the Month. In addition to dialing into the Safety Thursday Conference Call each month, Wauldron's agency, based in St. Augustine, Florida, worked closely with Landstar's regional staff to help a customer with loading and securement issues. Congratulations to Wauldron and his team, who improved their customer's experience by implementing an improved load pattern and product securement plan.

**Brian Vasquez** of Par Logistics Inc. (OR4 agency) in Schaumburg, Illinois was named the June 2017 LSO of the Month. Vasquez was nominated after regularly attending safety meetings in his area, hosting a safety meeting and dialing in to the Safety Thursday Conference Call. For 12 consecutive months the agency has been accident- and cargo claim-free.

Congratulations to **Rick Owens**, who operates the Owens Leasing Inc. (OLI agency), on being named the July 2017 LSO of the Month. The agency, in Santa Fe, Texas, sponsors an annual BCO safety meeting in Galveston, and Rick is an active participant in the monthly Landstar Safety Thursday Conference Call. OLI also participates in both M.U.S.T. (Mutual Understanding of Safety Together) customer visits and hosts No-Zone events with customers. ★
